---

Progs Camp No: 1167-9 dated 9th March 1892.

On the recommendation of the officer in charge of Mysore Artware, an advance of Rs 2,000/- was sanctioned to Ahmed Ali and Mohomed Makdum for building an artware manufactory at Mysore

Letter No: 1344 of 31. 5. 94.

In May 1894, the Deputy Commr of Mysore

submitted an extract from the Proceedings of the Building Committee ~~of the~~ dated 10 idem and recommended the grant of an advance of Rs 7,000/- to Davood Sāb of Mysore to enable him to erect a decent building by the side of the Sayaji Rao Road, Mysore, for the manufacture and sale of Brass, copper and bell-metal vessels &c.

On this letter the Dewan recorded the following

"Shew this to Mr. Standish Lee and ascertain what Ahmed Alli wants.

"Govt may give some special help for promoters of "local industries, but I have "further to consider the exact "terms.

"Anyhow, I would like to "dispose of this and of Ahmed "alli's case together. It is im-"-possible to give Ahmed Alli any

Even for a whole weaver village, we gave no bonus.

Noted 24th June 1894.

In accordance with the above remarks, Mr. Standish Lee submitted his recommendation for the free grant of sites, and an advance of Rs 10,000/- to Ahmed Ali and Mohomed Makdum, artware manufacturers, for erecting an ornamental manufactory near Sayaji Rao Road, Mysore.

Progs No. 7508-10 / f. 1814 of 11th Nov. 1894

Thereupon, Govt were pleased to sanction the proposed loans of Rs 10,000/- and 7,000/- to Messrs Ahmed ali and Mohomed Makdum and Dawood Saib respectively on certain conditions. The sites were also given free of cost

to Ahmed Ali and Mohamed
makdum on the condition
that the price thereof
should be paid to Govern-
-ment when the Building
ceased to be utilized, as
an Arkwright Manufactory.
It was also ordered that

-tioned, the sum of Rs 20.00/-
already advanced to
Ahmed Ali and Mohamed
Makdum under orders of
Govt dated 9th March 1892
should be deducted with
interest at 4½ Per Cent.

On the 1st June 1895,
Ahmed Ali and Mohamed
Makdum complained
to Mr Standish Lee of their
inability to make prompt
payments towards the re-
-payment of the loan of
10,000/- Rs sanctioned by

Govt and re-
-quested that the Govern-

OFFICE NOTE.

Loan payable to Govt by Ahmed Ali and Mahomed Makoun, and David & Mysore.

Letter No. 1872 dated 16th June 1897

from the Dy Commr, Mysore

In November 1894, a loan of Rs. 10,000 to Mahomed Makoun and Ahmed Ali for erecting ornamental artware manufactory near Sayyaji Rao's road, Mysore, and a loan of Rs. 7,000 to David Sahib for erecting an ornamental building in the same locality for the manufactory of brass and bell-metal vessels &c were sanctioned to repayment in ten instalments commencing from 1st July 1895 with interest at 6 per cent from date of payment

Of the 1st instalment of Rs. 1,700 due on 1st July 1896 was paid Rs. 900

by them, and to grant permission

in future to supply articles to the

Museum instead of yearly

instalments to be paid in cash.

They say that they have sought

for this concession owing

to the death of their wives

very recently. But the Dy Commr

recommends the reduction of

the annual instalment from

Rs. 1,000 to Rs. 500 and the interest

from Rs. 4½ to 4 p.c. on the

ground that they have to meet

the Govt debt solely from

states that unless the concession

recommended by him is granted

to them, coercive measures

the recovery of the instalments

The Dy Commr has accordingly been asked, but no reply has yet been received. In the meantime Mupers Ahmed Ali & Muhammed Mukhum again petition to the Govt stating that since they were not informed of the adjustment of the Govt loan as ordered by Govt, they petitioned the Ex. Engineer, Palace Divn to ~~adjust~~ pay them the balance that remained out of the amount due to them by the Palace after adjusting the Govt loan, and to give them such work as they were capable of doing. To this they were replied that the money cannot be given to them as there are attachments from Courts and that they

may will be given such work as they can do when one is found.

The Executive Engineer's reply is not quite clear whether the entire amount of Rs 4,375-15-2 is meant to be paid towards the Court attachments or only 1,125-15-2 that has been ordered to be paid to the Artware Manufacturers. Even in this case the Government should have preference to other creditors. In addition to the amount already ordered to be adjusted, the firm will have to pay Rs 500/, the instalment due on 1st July 1903, and also the interest on the loan. This too may also be ordered to be adjusted out of the amount due to them by the Palace. ~~In the meantime may~~

The Dy. Commissioner reports that the manufacturers have applied for insolvency, that the schedule of debts (copy of which is put up by the Dy. Commr.) shows that the total assets of the applicants amount to about Rs 12000/- while the liabilities are more than Rs 23,000/-, that he cannot vouch for the correctness of the details of assets and liabilities, as more searching enquiries have to be made. He thinks that the application for insolvency is done with the object of defrauding the creditors.

As regards the loan granted to them by Govt, he requests orders on the following points -

1) The Government ordered, in July 1897 to recover three years interest on the loan, and directed to recover Rs 1,500/- immediately ~~being the three~~ from them - ~~But this was not so paid and it was done in 3 or 4 instalments~~

The loan was not paid in one lump but in 8 or 10 instalments in the course of 6 or 7 mths as the work progressed. The Dy Commr wants to know from what date the period of three years to be calculated!

2) The sum of Rs 1,500/- ordered to be recovered was not paid all at once, but after repeated demands they paid only Rs 1155-10-5 partly by adjustment of amounts due ~~by~~ to them for furniture &c supplied to his office and Cost Sects and the balance of Rs 341-5-7 was never paid by them. He wishes to know whether under the circumstances remission of the interest for three years may be granted

3) The Manufacturers pray that interest on Rs 3,250/- ordered to be recovered from the amount due to them by the Palace Executive Engineer may be excused from the date of the D.P.W. Secretary's order for adjustment viz 25-9-02. The Dy. Commr is of opinion that the persons do not in the least deserve to claim the remission. He also points out

that out of this sum of Rs 3.250/-, a major portion has to be credited towards the interest arrears of interest due from them.

4) ~~The~~ Whether the value of the site, on which their building stands should not be recovered from them according to the terms of the hypothecation deed that when the building ceases to be an artware manufactory, the hypothecators did pay to Govt the value of site.

Paper B. Govt order on the subject -

5) ~~If~~ Without orders on the above points he states that he cannot give accurately the amounts to be paid by the Manufacturers. He states that approximately they have to pay Rs 5,000/- or including the value of site about Rs 9000/-.

The Dy. Commissioner has written to the Dist Judge to inform him of the date for hearing and that 2 months adjournment may also be granted.

He requests permission to ~~engage~~ appoint the Public Prosecutor on ~~his~~ behalf of Govt

Office note Cont'd

The above orders were communicated to the Chief Engineer in reply to which he says that the memorialists on the strength of the Government having given them a loan consider it obligatory on the part of Govt to provide them with work for paying off the loan and they are putting pressure (by means of petitioning Govt) on the officials of the D.P.W to given them work whether such work is suitable for the purpose or not, that the manufacturers were given as much ornamental woodwork as in the opinion of the officers employed on the work was found advisable to entrust to them, that the value of such work

amount to Rs 5000/ that the memorialists seem to have given Power of Attorney to some persons to collect all the monies due to them to pay of some debts but not that of Govt and that the 7 ~~doors~~ windows and 2 doors remaining to be completed are not in the style of work the manufacturers could carry out.

The Supdt, Mysore & Govt Museum, reports that 48 Articles belonging to Ahmed Ali & Mahomed Makoom valued at Rs 595 are available in the Museum. & that articles of the value of Rs: 836 have been sold & the proceeds credited to the Huzur Treasury

Paper No. 47 in the file.

The Dy. Commr., Mysore, now reports that with reference to Govt. order of 1898 remitting the 1st three years' interest on the condition of payment by them of 3 instalment

of the loan at once, after repeated demand they paid only Rs 1158-10 partly by adjustment of amounts due to them for furniture supplied to the Dy Commr's & the Devan's office and partly by Cash, leaving the balance unpaid, thus on enquiry from the Ex. Engineer, Palace Divn it is learnt that the manufacturers have authorized one Sowcar Ranjalachetty, by Power of Attorney, to draw the Value of in-laid-doors on which they were engaged in the Palace, that the Principal Munsiff of Mysore, has, at the instance of one Abdul Rahiman, to withhold payt of Rs 4000 from the bills of the manufacturers.

Sent an attachment warrant to the Executive Engineer, Palace Division,

The Dy Commr adds that he has requested the Ex. Engr

to withhold payment
to any of the claimants
until instructions are
received from Govt.

In reply the Dy/Commr reports that out of the above loan, Rs: 9,700/- were advanced to them upto the 26th June 1895 on valuation bills of work passed by the Artware Officer, that the rear portion of the Manufactory has yet to be completed, and that thus the conditions of the loan have almost been fulfilled.

In this Office docket no. 243 dated the 27th July 03, regarding the adjustment of Rs 3250 towards the loan due to Govt, it was pointed out by the Chief Engineer that Govt demand had usually precedence of private debts-

The amount was accordingly effected place at the disposal of Court's disposal on 4th August 03

On 3d August 1903, Mr Ranglingar Advocate for Mr Abdul Rahaman Sab the Chief Engineer that the Court & the Principal Munsif, Mysore, had ordered the attachment before judgment of the Executive Engineer - Kaipatta Mukkolam. In July 1904, the Principal Munsif appears to have requested the Executive Engineer, Palakad Div. to remit this contang sum of Rs: 3250/ but having already been adjusted as stated above, the balance of Rs: 557 " 15 " 2 may be similarly adjusted towards the loan due to Govt

Letter No. 205 dated 12th Oct 1903 from the Dy. Commissioner, Dupone, reporting upon the loan advanced to Davood Sab of Dupone.

In Nov 1894 a loan of Rs 7000 was sanctioned to Davood Sab for erecting an ornamental building and he was advanced Rs 6,500 ~~from~~ and the balance was ordered to form towards the 1st instalment; ~~In 1897~~ as ordered in August 1896.

In 1897 the Govt sanctioned the repayment of the loan in 14 years at Rs 500 per mensem. The Dy Commissioner now reports that ~~the~~ David Sab has not paid any instalment ever since and when demanded now ~~he~~ he prays that the recovery of the instalments may be put off for two years more on the ground that the Plague is raging.

The Dy Commissioner is not in favor of granting this Concession as it is learnt that David Sab has let out the lower story of the building to a person keeping a foreign liquor shop and the upper story to a public woman and in another portion he himself is living

He ~~recommends~~ suggests that the entire loan may be ordered to be recovered at once by instituting legal proceedings, in case the defaulter does not pay at once the overdue instalments with arrears of interest upto ~~date~~ June 1903 –

Rs 2153-10-11

He further adds that the Comptroller has left out of calculation the interest due from David Sab also for three years as per last order No 2-5/N2 of 2d July 1898. ~~and the~~ but the order refers to Ahmed Ali's case alone, that in case it refers to both he wants to be informed

DEPUTY COMMISSIONER'S OFFICE,
MYSORE DISTRICT,

Dated Mysore, 31st may 1894.

(3)

From A. Rangasamy Iyengar Esq. B.A. B.L.,
Deputy Commissioner,
Mysore District.

To

The Chief Secretary to the Dewan of Mysore.

SIR,

I have the honor to submit herewith an extract from the proceedings of the Building Committee of Mysore, dated 10th May 1894, recommending the grant of an advance of Rs 7,000/- to Dawood Sab of Mysore, to enable him to erect as per plan enclosed, a building by the side of Syaji Rao Road for the manufacture and sale of Brass, copper, Bell-metal vessels &c.

2. Dawood Sab has been

manufacturing and export-
ing the above articles on a
large scale for a long time
past; and has been awarded
a bronze medal in recogni-
tion of the skill displayed
in the manufacture of the
exhibits sent by him to the
Colonial and Indian Exhi-
bition held in London in
1886. He is desirous of in-
troducing the manufacture
of vessels of Madura type
in addition to the kinds he
is already preparing, if he
can only secure a large and
spacious building which
is the chief requisite to start
with.

3. The erection of the pro-
posed building will not only

add to the improvement of that part of the City opposite the general market but will enable Dawood Sab to employ a large number of artizans who, from want of capital and other conveniences, have almost given up the industry. He possesses considerable amount of property in the shape of houses and shops in the city in addition to landed property assessed at about Rs 100/- per annum, and so seems to be a man of sufficient means and respectability and a fit person to be encouraged in the object he seeks.

4. I beg therefore to support the recommendation of the

Building Committee. No ad-
vance may be made on the
security of his house and
other landed property, and
from time to time as work
is done. Dawood Sab agrees to
finish the building in 18 —
months and to repay the ad
-vance in seven half-yearly
instalments, the first instal
-ment will thus be payable
2 years after the commence
-ment of the work and the
whole loan will be dis-
-charged in 5 years from
the same date.

20. Petition from Dawood Sab for the grant of a loan of ~~Rs~~ 7000/- for the purpose of constructing a Manufac-tory by the side of Sayaji Rao's Road according to the plan submitted by him.

Resolved that the applica-tion and plan be forward-ed to the Deputy Commissioner with a request that the advance applied for, may be kindly recommended to Government to be made to Dawood Sab according to

to the progress of work as in the case of Ahmedabad the Mysore Artisans manufac-turer, as, by advancing the money, not only a de-cent line of building by the side of Sayaji Rao's Road will be built; but also a local Bell-metal, Brass and Copper vessels industry would be established in the Capital.

petitioner states that for the purpose of building an ornamental workshop a loan of Rs 7000 was sanctioned by order No 7508-10 / 28114 of the 11th novemb 1894. petitioner up to date has borrowed Rs 6500 for the purpose & the building has up to date cost him Rs 7000 But the Comptroller has asked the Dy Comr to recover from petitioner the instalment due for the year ending 30th June 1896. Thereupon the petitioner requested

requested the Dy. Commissioner to allow him time till 1898. ~~Because the petitioner says~~ on the ground that there is nothing to show in the Govt. order that money should be paid by instalments, & that his building is still in an incomplete state & that he will be in a better position to pay instalment after the completion of the building. But the Dy. Comr. has not granted his request. With reference to this he has enclosed herewith the endorsement of the Dy. Comr. on his petition to the Dy. Comr. petitioner therefore ~~prays~~ appeals & ~~prays~~ begs that Govt. may pass orders to the effect that the petitioner may not be asked instalments till 1898.

SIR,

With reference to your official memo: No 310/31-96 dated the 7th July 1896, forwarding for report the petition of Ahmed Ali and Mahomed Makdum, owners of the Artware manufactory at Mysore, praying for a years extension of time for the repayment of the loan granted to them, I beg to state as follows:-

2. In Government order No 7508-10/Dy.-1614 dated the 11th November 1894 authorizing the grant of the loan of Rs 10,000 to the petitioners for the construction of their Artware manufactory, it is directed that the loan should be repaid in 10 years commencing from the 1st July 1895. The petitioners executed a letter of agreement on the 6th December 1894 in pursuance of the above order agreeing

to repay the loan in ten yearly instalments from 1st July 1895. A total sum of Rs 9,700 has been advanced to them up to date on measurement bills received from the officer in charge of the Mysore Artware, leaving only a small balance of Rs 300. The main building is almost completed and is being used. And because the whole of it is not complete the petitioners pray that the repayment of the loan may not be insisted on till another year, altho' the first instalment became due on the 30th June 1896. There seems to be no proper reason for their prayer. As, however, they pay interest on the loan, the Government may perhaps be pleased to grant it.

3. The petitioners further state that the sale proceeds of their articles exposed for sale by them at the Government Museum in Bangalore are being credited in liquidation of their debt, but no intimation has been received from the offici-

Sir, With reference to the liquidation of the loan sanctioned for the erection of the Arthuna Manufactory as per Government-Proceedings No 075 '8-10 dated 11th November 1894, G 1814 beg we respectfully to bring to your honors kind notice the following points for your kind consideration and support.

(1) As per para 2 of Government-Proceedings referred to in the above the construction of the Building is not completed on account of a dispute for a site purchased from Government for building the manufactory. The site in question, being claimed by a neighbour, we sued against him in the Munsiffs Court for

for obstructing us to complete our Building and his claim was rejected there. He has since, appealed to the Sessions Court and the case will be heard on 4th September 1896. As soon as this is decided, the erection of the Building will have to be resumed and completed, Consequently the full loan has not been taken.

(2) As the Building is not completed for reasons stated in the above, the condition of para 1 of Government Proceedings, namely, to repay the loan from 1st July 1895, may not be enforced and we request that the extention of the date of payment may be postponed to another year by which time we will have the building completed.

(3) Lastly we have to bring to your notice that referring to the concession granted to us in Government Proceedings no: 5593-6 dy 8th November 1895, we have been depositing articles in the Art-Sale Room of the Government Museum at Bangalore and the Sale proceeds of such articles are being credited to Government, as they are sold towards the liquidation of the loan. We simply state this to show that we

have been trying to liquidate the loan as early as possible.

Under these circumstances we Solicit that you would kindly accord sanction for the extention of time for repayment of the loan as requested in the above.

For which act of kindness we shall, ever, remain grateful

I beg leave respectfully to submit herewith an application addressed by me to the Deputy Commissioner of the Mysore District and his endorsement thereon, and solicit the favor of your placing it before the Government for favorable consideration and orders.

In order R. 7508-10 of the 11 November 1894, Government were pleased to sanction the grant of a loan of Rs 7000 for building an ornamental workshop for manufacturing brass and bell-metal vessels. The amount of the loan was based upon an Estimate framed by the Artizare Department. But the actual outlay I have incurred up till now in the erection of the building amounts to nearly 17000 Rs. and yet the building is not Complete. Of the advance of 7000 Rs sanctioned I have up to date drawn only Rs 6500.

P.T.O.

It would appear that the Comptroller to the Mysore Government has asked the Deputy Commissioner to recover from me the instalment due for the year ending 30th June 1896. and the Deputy Commissioner accordingly demands payment

In para (1) of the Government order above quoted it is not laid down that the repayment of the loan should be made by annual instalments If the payment by instalment is insisted upon I shall have no other alternative but to obey orders. As however the building is not yet completed and as it is likely to cost me a large outlay in addition to what I have already spent on it I only crave the indulgence of the Government to allow me time till the year 1898 within which time I hope to be able to complete the building, be in a position to set

up

up business therein, and to pay annually more than what is prescribed as an instalment. In the meantime the site and the building will be security for the amount advanced and under para(4) of the order a deed of hypothecation will be executed "as soon as the "building is completed and the "whole of the loan has been advanced."-

Humbly trusting that my prayer may be granted

I beg to remain

The
Humble Petition
of Ahmed Ali and
Mahomed Maledum
Attaree Manufacturers
Mysore.

Most humbly sheweth,

That your poor petitioners were granted a loan of 10,000 Rs. at 4½% interest for building a Manufactory in Lazaji Raw Road in Proceedings of Government No. 7,508-10 / 9.184 of 11th November 1894 under the condition of repayment by 10 annual instalments after the completion of buildings.

That at the time the above order was passed, it was expected that the building

would be completed in 1895, but owing to a dispute about the site your petitioners had to incur heavy law expenses and the case now being in the appelate court of the District, the building still remains unfinished. That out of the loan of 10,000 Rs. granted, your petitioners have received to date only 9,700 Rs. since the building is not completed.

That your poor petitioners have not only had to incur unexpected law charges, but have not been able to get any adequate return for the outlay already incurred by reason of the building not being completed.

That your poor petitioners are hardly pressed by the Deputy Commissioner for an instalment of 1000 Rs. + interest, though the full amount of loan has not yet been advanced

That you poor petitioners humbly pray—

Firstly;- That orders may be passed for the recovery of the loan to date from the first year after completion of the building, and the payment of the full amount of loan to petitioners.

Secondly;— That the full value of the articles deposited in the Artware Sale room of the Museum, may be credited in towards the loan, from such date as the receipt therefor from the Superintendent of the Museum is delivered to the Deputy Commissioner and a rebate of interest made from such date.

Thirdly:— That any short-falls of 1000 Rs. per annum after deducting value of artware as above supplied be paid by Petitioners at the end of each year.

SIR,

I have the honor to submit for favourable consideration of Government the enclosed application of Ahmed Shareef Mahomed Makdum, Arkware manufacturers in Mysore, praying that the value of the articles disposed by them for sale at the Government Museum Bangalore may be credited towards their account. The proceeds of the articles as yet sold and actually credited towards their account is indeed small being only Rs 239 (vide docket No 95 dated 20th January 1897 from the Superintendent Government Museum). This probably the fact that the Museum is comparatively new and therefore deserves encouragement. May have to mark it as

their

their liability to Government solely from the sale proceeds of their articles, which, however, do not command a ready sale and the demand for them is also limited. They have besides an expensive Establishment to maintain to enable them to carry on the business. Their difficulties are thus many fold. They have accordingly not been able to pay up the annual instalments as agreed upon by them. In the interest therefore of the industry which has been patronized by Government by a generous grant of a special loan, I beg to recommend that the annual instalment may be reduced to Rs 500 and the rate of interest to Rs 4 per cent per annum, the interest being recovered annually on the entire amount of the principal outstanding at the end of each year exclusive of the annual instalment. I beg that the above proposals may be favourably considered and orders passed approving of the same. On receipt

Respected Sir,

In order to construct a suitable

superintendent building for the manufacture of bell-metal articles,
Rs 500 " according to the design furnished to me by the City
the late Municipality, the Government of His Highness the
Maharajah were graciously pleased to favour me
with an advance of Rs 7000/- of which Rs 500 remain
undrawn. Although the cost of erecting the building
amounts to nearly Rs 16000/-, the back portion of it
is still incomplete. I expected a great deal of assist
ance from His Highness the late lamented Maharaja
but alas! to my sad misfortune, he was snatched
away from amongst us and all my hopes have
been blasted. Indeed the manufactory owes its
existence to Government and the late Maharajah.
From want of funds, I have not yet been in a
position to start work so as to afford employment
to workmen and thus secure means to maintain
the Manufactory. I have not been able to pay the
instalment due for the current year and there has
therefore been pressing demands for it. Owing to

work not having been started, I fear the amount of instalments and the rate of interest payable thereon heavy. I therefore most respectfully solicit that your honour will be graciously pleased to recommend a reduction of the amount of instalments and the rate of interest. This will not only afford me facilities to pay the annual instalments punctually but also enable me to start work and provide employment to workmen.

Order

Under the special circumstances represented by the Deputy Commr in his letter read above, Government are pleased, in modification of the order conveyed in their Proceedings of the 4th August 1896, to sanction the easier instalments recommended by the Deputy Commissioner.

Ahmad Ali and Mohammad Mokdum should repay the loan of Rs. 10,000 advanced to them by twenty annual instalments of Rs. 500/ each together with interest at the rate already fixed. The other loan of

Rupees

Rupees 7000 advanced to David Sah should be repaid in fourteen years at Rs. 500 per annum with interest at the rate already fixed.

Govt are not disposed to reduce the rate of interest in the case of either of these loans, or to ~~to~~ order the purchase of any articles in liquidation of the loans. ~~[illegible]~~

The persons concerned should be made distinctly to understand that the easier instalments now sanctioned are conditional upon their future punctuality in making payments thereof to Government and that in the event of any default on their part the entire loan will become re-payable at once & will be recovered accordingly.

Under the revised order now made, the first instalment will become due on 1st July 1898. The

Deputy

Deputy Comm. will see that no instalments are allowed to fall into arrear. ~~A~~ Mortgage deeds in terms of the arrangement now sanctioned should at once be obtained in supersession of those already executed by the persons named above.

Respected Sir,

With feelings of sincere gratitude for all the kindness and consideration shown to us by your honor in respect of the loan made to us for the construction of the ardware manufactory, we beg leave most respectfully to approach your honor with this application feeling sanguine that our prayer may be granted.

Your honor was pleased to advance to us the Sum of Rs (5-8-0) for erecting the manufactory, but the building cost us more. The rear portion of the building has yet to be completed. We regret that the lamentable death of H.H. the Maharaja of Mysore has deprived us of all encouragement

that the work we now undertake leaves
little or no margin even to maintain
the requisite establishment: your honor
was also graciously pleased to extend lately
the number of annual instalments from
ten to twenty. We will use our best efforts
to pay up the instalments though we regret
to say we experience difficulty in meeting this
demand also.

One more concession we seek at your
generous hands, and if it is not considered
too much, we beg most respectfully to entreat
your honor to exempt payment of interest
on the loan for three years — an indulgence
which was granted to Sahukar Viranmachari
in connection with the loan made to him for
constructing houses in the new Weavers'

We trust that the grant of this indulgence
will relieve us at least to some extent of
the pecuniary embarrassment in which
we are involved.

Sir,

(37)

With reference to Government Proceedings noted in the margin* stating that the Loan of Rs. 10,000/- granted to Ahmed Ali and Mahomed Mokdam may be repaid in 20 yearly instalments, the repayments commencing from 1st. July 1898 and that the sum of Rs. 1500/- equal to 3 instalments offered by them should be recovered and credited to Government, I have the honour to request the favour of being informed whether, in consideration of the payment of the above mentioned sum of Rs. 1500/-, it was intended by Government to exempt the parties from paying any instalments up to 1st. July 1901. The Deputy Commissioner of Mysore is of opinion that the 1500/- in question is on account of the instalments due by them on the 1st. July of 1898, 1899 and 1900 and that therefore no instalment is due by them till 1st. July 1901. An early reply is solicited.

SIR,

+ Pub Wks-81 of 44 With reference to your No. 938 dated 8th January 1902, I have the honor to observe that the case of Ahmed Ali & Mahomed Mukdam, Ashware Manufacturers seems to me to be a peculiar one. These men have it seems received a loan of Rs 10,000 from Government and on the strength of this advance they seem to consider it obligatory that Government should provide them with work to enable them to pay off the loan, & they are trying to put pressure (by means of petitions to Government) on the Officials of this Department employed on the construction of the

the Palace to give them work, whether such work is suitable for the purpose desired or not. It is possible that some Agreement may have been made by Government with these Manufacturers at the time they received the loan of which I am not aware & by which they were promised work. Otherwise I think this attempt on the part of the Manufacturers to what may be called "black mail" Government should at once be stopped.

Ahmed Ali & Mahomed Mukdam have already been given as much ornamental wood work as in the opinion of the Officers employed in the Palace it was advisable to entrust to them, and I am informed that the value of that work is about Rs 5000. I am also given to understand that the Manufacturers have given power of attorney to some persons to collect all the monies due to them & pay

off some debts, so that the money paid by this Department for work done by them will not enable them to liquidate the debt to Government.

There are only 7 windows and 2 doors remaining to be completed & these are not in the style of work that Ahmed Ali & Maihomed Mukdam can carry out, so it is absolutely impossible to give them any more work at present.—

I have the honor to be,

MYSORE DISTRICT.

Dated 12th April 190.

To

H. V. Nanjundayya Esq with M.C.
The Secretary to the Government of Mysore,
General and Revenue Departments.

Sir,

With reference to Government Proceedings no: $\frac{2-5}{H.2}$ dated 2nd July 1898 remitting the first three years' interest on the loan of Rs 10,000 granted to Ahemed Ali and Mahomed Makdum on the condition of payment by them of three instalments of the loan at once, I have the honor to state that they, after repeated demand, paid only Rs 1158-10-5 partly by

by adjustment of amounts due to them for furniture supplied to this and the Dewan's office and partly in cash. The balance of Rs 341 — 5 — 7 has not as yet been paid.

2. As per Government Proceedings no: 4628 - 29 / Fl. 468 dated 27th November 1897 the 1st instalment was to have been paid on 1st July 1898, but as per above condition three instalments had to be paid up in full at once and the 4th instalment on the 1st July 1901.

3. The defaulters prayed in the accompanying petition dated 9th

9th March 1901, that, as owing to the severity of plague they had to close their business, four months' time might be given to enable them to pay up the arrears amounting to Rs 341- out of the 1st instalments — aggregating Rs 1500/-. There is nothing on record to show whether this prayer was granted.

The Executive Engineer, Palace Division under whom they have undertaken the preparation of certain ivory-inlaid doors for the Palace was then requested to intimate to this office as often as any amount became due

due to them before payment was made.

The Executive Engineer states in the accompanying copy of his — letter no: 207 dated 31st March 1902 that Rs 4376 is now due to them, but that these contractors have so far back as in March 1900 transferred the right of drawing the value of the in- laid doors in question to Sowcar Rangiah chetty by Power of Attorney, which was accepted by the former Assistant Engineer Palace division. It would further appear that the Principal Munsiff of Mysore has, in his no: 1622 of the 29th March 1902

to the Executive Engineer sent an attachment warrant at the instance of Abdul Rahman, cloth-merchant, Lushkar Mohalla, Mysore, to withhold payment of Rs 4000 from the bills of these contractors. I have requested the Executive Engineer to withhold payment to any of the claimants until instructions are received from Government.

4. The amounts due by Ahmed Ali and Mahomed Makdum are as noted in the margin. Another instalment of Rs 500 will fall due 2½ months hence and

Interest on the whole amount of loan from 7th December 1897 to 1st July 1898 Rs 262-8-0

Balance of the three instalments to be paid at once — Rs 341-5-7

Instalment due on 1st July 1901 Rs 500-0-0

Further interest on the loan amount from 1st July 1898 to 31st March 1902 about — Rs 1491-14-4

We the underigned most humbly and respectfully beg to bring to your kind notice That during the rage of Plague in the town of Mysore we closed our workshop and left the town.

Consequently we failed to pay our instalment due to Government in time.

A short time ago we returned to the town and recommenced our work.

For the above reasons we have become unable to bind to the condition.

We therefore beg that your kindness may be pleased to reccommend to allow us about four months time to pay our instalments as we have undertaken Palace door works and the same has been going on.

SIR,

With reference to your docket No. Fl. 243 dated 27th Ultimo, I have the honor to inform you that out of the sum of Rs 4,375-15-2 due to Messrs. Ahmed Ali and Muhamad Makdam, Artware Manufacturers of Mysore, it is presumed that a sum of Rs. 3,250 has already been remitted into the District Treasury at Mysore, by the Executive Engineer, Palace Division, towards the adjustment of Government loan, and that the balance is held in Deposit account. The Executive Engineer has however been asked to report how the matter stands at present, and his reply will be communicated to you.

2. With reference to your remark in para II of above docket that "it may be pointed out to the Executive Engineer that Government demand has usually precedence of private debts," I request to be informed whether it is the intention of Government

that the balance of Rs. 1125-15-2. held in deposits should also be utilized towards the adjustment of Government loan still outstanding, or whether it may be paid into the Munsiff's Court in satisfaction of that court's attachment. The enclosed letter No. 331 of 3rd Instant from advocate Mr. Rangaiengar on the subject is forwarded for perusal and obliging return

4/4

Letter No. 206 dated 9th September 1903 from the Mysore Palace Division, Executive Engineer to the Chief Engineer of Mysore.

With reference to your No. 4458, dated 15th Ultimo, requesting explanation as to why the order to remit Rs 3,250/- to the Deputy Commissioner Mysore District on behalf of Ahmed Ali and Mohamed Muktidam Sahib, towards the Government loan did not receive attention for 11 months, I have the honor to submit the following report.

The order referred to was dated 25th September 1902, and was received on the 28th idem. Mr. Madhava Rao, who was officiating after study of the file requested the Deputy Commissioner of Mysore to send in a bill for payment of Rs 3,250/ ordered to him, in this office No. 700, dated 20th October. The bills were received in this office on the 30th idem. In the meantime the claimants Patta Lukshminarayan Setty and Patta Venkataramana Setty of Mysore had put in a threatening letter that they would file a suit against me if I should remit the amount to the Dy. Commnr. This was also explained in person to the Chief Engineer during the inspection of works. In December, a legal notice was served to the above effect. This was not disposed till the beginning of February, as I was absent, during the latter part of December and January in connection with Delhi exhibition and in importing labour. The petitioners were informed that amount cannot be withheld on their account. They again served a notice to me and a petition to the Chief Engineer in March. The latter was referred to the Govern-

ment Advocate by the Chief Engineer in his No. 728 of 26th March 03 for his advice.

On first April the Government Advocate referred to me for certain information. On the 3rd idem I requested him to send me certain paper in this connection, on receipt of which with his covering letter dated 8th, I gave him all the information available in my office under the covering docket No 296 of the 15th idem. He wanted further information from the Deputy Commissioner on the subject on the 28th idem. Immediately on receipt on 1st May, I requested the Deputy Commissioner to send copy of original agreement of Ahmed Ali and Mohomed Mukdam Sahib and other information requested by the Advocate in No. 328 of 1-5-03. On 20-5-03, I sent in a reminder. By the length of time and constant reference the Deputy Commissioner's file had, I believe, grown voluminous. It was on 28th June the papers were obtained from the Deputy Commissioner and they were sent the next day to the Advocate, the 29th June.

The decisive action to be taken in the matter was communicated on the 17th July in the Chief Engineer's No. 3765 and immediately on receipt I passed orders for the remittance to the Deputy Commissioner (dated 19th July). The original paper is sent for reference and kind return. There was a question as to whether I have to remit the money from my credit, which was scarcely sufficient to cover my expenditure during the

applicants amount to about twelve
thousand rupees, while the liabilities
are more than Rs 23,000/-. I am
however not in a position to say,
whether the details of the assets and
liabilities given by the applicants are
quite correct, the matter being one
requiring more searching enquiry.
The intention of the applicants in filing
this application after contracting
enormous debts, is apparent, and
there can be no doubt that they have
done so with the intention of defrauding
their

their creditors.

3. Coming to the loan advanced to these persons by Government, I can at present give only the approximate balance due from them up to date and the difficulties that prevent me from giving the Correct figure will be explained further on. The amount advanced by Government being Rs 10,000/- the interest on the principal amount at 4½ per cent per annum (excluding the interest for three years remitted in Go-vernment Proceedings No $\frac{2-5}{Fl\ 2}$ dated 2nd July 98) would amount to nearly Rs 2,500/- making a total of Rs 12½ thousand. In satisfaction of this demand, Ahamadalli and Mahomed Ibrahim have as already reported in this office letter No 858 dated 12th April 1902, paid a sum of Rs 1158-10-5. A further sum of Rs 3250/- since received from the Executive Engineer of the Palace Division by transfer of accounts, has been recently credited

credited to [redacted] an account as directed in Government Proceedings No. 7L 176-7 R.7 1-01 dated 21st [redacted]02. But as already re-ported in [redacted]ce letter of the 12th April 1902, Rangaiah chetty and other creditors had attached the amount with the Executive Engineer of the Palace division and I am not quite sure whether the attachments were subsequently withdrawn; Thus the balance still due from these persons is more than Rs 8000/-, or including the value of the site, nearly Rs 9000/-.

4. Ahamad Ali and Mahomed Mukdum having applied to be declared insolvents, the question for consideration is, how to recover the amount still due to Govern-ment by them. The building and the site are hypothicated to Government and are made security both for the principal and the interest due from them. As there is no condition in the hy-pothication deed for recovering the loan as a revenue demand, I believe the only way

way of recovering it in the manner provided in chapter XX of the Civil Procedure Code. In the [illegible] al of the insolvency application by the district judge, intricate questions of law regarding the priority of the claims of the several debtors (including Government) are likely to arise and it is therefore necessary to engage the services of a competent lawyer to safe guard the interests of Government. I therefore request that you will be so good as to obtain the sanction of Government to appoint the Public Prosecutor on behalf of Government in connection with this insolvency application. I have again written to the district judge to kindly inform me of the date fixed for hearing the application and have further requested him to grant an adjournment of 2 months.

5. In this connection I must also request you to kindly obtain

clear

4/ clear instructions from Government on the following points to enable me to make a final settlement of this loan account. (a) In their Proceedings No. $\frac{2-5}{712}$ dated 2nd July 1898, Government have ordered the remission of three years interest on the amount advanced. The loan in question was not paid in one lump sum: but by 8 or 10 instalments in the course of 6 or 7 months, as the work progressed and as per terms of the bond, interest has to be calculated from the dates of the several payments. The question is from what date, has the period of 3 years (for which interest was remitted) to be calculated? (b) The Comptroller has calculated interest from the date on which the first instalment was paid (b). and Secondly, the remission of interest appears to have been granted in consideration of Ahamad Ali and Mahamed Lukman undertaking to pay in one lump sum the instalments of three years, ie Rs 15000/-; but

but as stated in this office letter No. 858 dated 12th April 02, " they, after repeated demands, paid only Rs 115-8-10-5 by partly by adjustment of amounts due to them for furniture supplied to this and the Dewan's office and partly in Cash," and balance of Rs 341-5-7 was never paid by them. My doubt in this Connection is, whether the remission of interest ordered, should be granted notwithstanding their failure to pay up, in one lump Sum, the amount of 3 instalments as agreed upon.

6. In the petition forwarded with your docket No. 791 / R 7 1-1901-02 dated 11th July 1903, these persons pray that the interest on Rs 3250/- may be caused from the date of the D. P. W. Secretary order dated 25th September 02 up to the date on which the amount was credited towards the loan account. It must be noted that a major portion of this Sum has, in the 1st place, to be credited towards the arrears of interest due from them; and as they

have

have been grossly irregular in pay-
-ing their instalments and arrears
of interest and thus indirectly ↵
caused loss to Government, they are,
I think, not in the least deserving
to claim remission of interest, as
prayed for in their petition.

7. Another question for consi-
-deration, in this connection is about
the Value of the Site, on which the ↵
building hypothicated to Govern-
-ment, has been erected. The Sites
were acquired by the Municipality
and given to them free of cost for
erecting the artware Manufactory
and a condition has been stipu-
-lated in the hypothication deed
that when the building ceases to be
an artware Manufactory, the ↵
hypothicators should pay to ↵
Government the Value of the Site.
I have addressed the Vice-President
of the City Municipality to inti-
-mate the cost incurred by Govern-
-ment for acquiring the Site in
question,

question, and also to have an estimate prepared of the value of the building in its present condition.

In the schedule of debts, mention is made of an advance of Rs 500/- made to them in connection with the memorial building (in Calcutta) of His late Highness the Maharaja. I have written to the Executive Engineer of the Palace division to know the details of this advance. I request that you will be so good as to obtain early orders of Government, upon the above points, how I should proceed for seeiving the amount due. A copy of the revised hypothication deed and also the statement given by these persons before me, are herewith submitted for reference.

I have the honor to be,

Sir,

Your most obedient Servant,

Deputy Commissioner,

Dharmapuri District.

Office Draft.

Progs. of the Govt. of H. H. the Maharaja of Mysore.

Read:

Letters Nos 204 & 232 dated respectively the 12th & 29th October 1903 from the Dy Comr, Mysore District, soliciting instructions to calculate the £ amount due to Govt by Ahmed Ali & Mahamad makdum, Artware manufacturers, towards the loan granted to them, and stating that he has engaged the Public Prosecutor to appear on behalf of Govt in the Dt Court, Mysore, in connection with the application of the said persons for insolvency certificates.

Order:

In G.O. No. $\frac{2-5}{H\,2}$ dt 2.7.98, three years' interest on the loan was ordered to be remitted in consideration of the promised payment of Rs 1500/- "at once" towards the loan. But as the debtors have failed to pay up accordingly, there is no reason to remit the interest.

2. The interest for one year on Rs 3250/- recovered through the Ex: Engr, Palace Division, cannot be remitted as prayed for by the debtors on the ground that the Chief Engineer ordered the adjustment

but as the debtor is in an insolvent condition, this may be left out of account.

adjustment to be made on the 25th September 1902. It is not the date of the order but the date on which the amount was actually credited that has to be taken into account.

3. The terms of the hypothecation deed and of the G.O. sanctioning the loan (No 7608-10 / G. 1814 & 11.11.94) make it quite clear that the value of the site on which the building stands is re-payable to Govt when the building ceases to be utilized as an Antware manufactory. Govt have a lien also on the site for the amount.

4. It is not clear how any prior claim could arise in connection with the building & the site, when the loan sanctioned by Govt stands as a first charge on them. It is only when the Govt debt is paid to the fullest extent ~~possible~~ out of the property hypothecated to them, that others could claim to get the surplus, if any.

Deputy Commissioners Office,
Mysore district

Dated Mysore 12th October 1903.

To,
A. V. Ranjundayya Esqr. M. A. M. L.,
Secretary to the Government of
His Highness the Maharaja of Mysore
General & Revenue Departments.

Sir,

Referring to the loan of
₹000-- Rs sanctioned in Govern-
-ment Proceedings no: 7508-10 dated 11th
J. 1814
November 1894, to Davood Sabi, for
building an ornamental workshop on
the Saraji Rao road, Devaraja mohalla
Mysore, I have the honor to submit
the following report for the orders of
Government:-

2. Agreeably to the instructions Con-
-tained in the proceedings quoted above
and in proceedings No 1825-7 dated 4th
Mis J. 1-96
August 1896, a Sum of ₹ 6500/- was
advanced to Davood Sab, on different

dates as detailed in the margin and a ~~[illegible]~~ hypothecation deed (dated 16th November 1896) was obtained from him stipulating the conditions for the repayment of the loan with interest.

3. Dawood Sab subsequently presented a petition to Government on 3rd July 1896 praying for the postponement of the date (viz 1st July 1895) originally fixed for the repayment of the loan. But the Govt. were not pleased to extend the time as prayed for and requested the Deputy Commissioner to recover the 1st instalment from Dawood Sab immediately after deducting so much of the sanctioned loan as remained unpaid to him (Vide Government order No 1825-7 Mis. 1-96 dated 4th August 1896). Accordingly a sum of Rs 500/- which remained unpaid to Dawood Sab out of the sanctioned loan of 7000/- on the date of the said Government order was deducted towards the 1st instalment

× Rs 3000/- on advance memo No 323 dated 9. 4. 1895
" 1500/- do ~~[illegible]~~ " 3449 " 20 - 6 - 1895
" 2000/- do ~~[illegible]~~ " 3576 " 14 - 9 - 1895
6500

payable by him and he was demanded to pay the balance of Rs 200/- which he soon after paid.

4. Again in the year 1897 on the recommendation of the then Deputy Commissioner, Government were pleased to modify the order conveyed in their proceedings of 4th August 1896 and sanctioned the repayment of the loan in question in 4 years at Rs 500/- per annum, instead of 10 instalments as originally fixed. Under this revised order, the 1st instalment became due on 1st July 1898 and the easier instalments thus sanctioned were made conditional upon Davood Saib's future punctuality in making payments to Government. (Vide Govt Pro: no: 4628-29 / Fe 468 dated 27th November 1897.)

5. Davood Saib has been grossly negligent in paying the annual instalments and with the exception of Rs 200/- referred to in para 3 above, he has not till now

paid anything either towards interest or principal, although repeatedly demanded. After I came to know the state of this loan, I issued a notice to Davood Sab to appear before me in person. He accordingly appeared and gave a statement, in which he pleads his inability to pay the arrears of instalments with interest at once and prayed that the recovery of the instalments may be put off, for two years more. The plausible excuse put forward is of course the prevalence of Plague. On enquiries made I learn that Davood Sab has rented out the lower Story of the building hypothecated to Government, to a person who keeps a foreign liquor shop there and that the upper story has been rented out to a public woman and that in another portion of the building he himself is living. Evidently he has been realizing

a good profit every year by way of rent, from a building erected out of funds advanced by Government for promoting local industry. and his excuses for non-payment of instalments with interest are not worthy of any consideration. In my opinion it does not seem advisable to continue the loan to a person who has not only been grossly negligent in paying the instalments, in spite of all reasonable concessions shewn to him but has also no idea of repaying the loan in the near future. I would therefore beg to suggest that unless the over-due instalments with arrears of interest upto end of June 1903 (as detailed in the margin) are paid up at once) which is by no means likely, Government may be pleased to order the recovery of the entire loan as per terms of the Bond, by institution of legal proceedings. Dawood Sahib

further request is that the preparation of the Brass vessels &c required for Chatrams Musafer Khanas and other Government institutions, may be given to him on contract and the value of the vessels purchased from him may be set off towards the loan (vide enclosed petition No 259 dated 24-10-1902). But Government have in their proceedings No 4628-29 dated 27th November 1897 already observed that they are not disposed to order the purchase of any articles in liquidation of the loan.

6. In this Connection I must not omit to bring to notice the fact that the Comptroller has, acting on the authority of the Government order noted in the margin, left out of Calculation the interest due from Dawood Sah also for three years, but on reading the said order carefully, it appears to me, to apply only to the loan of Rs 10,000/- granted to Ahamed Ali

No 2-5 dated 7th 2 2nd July 1898.

and Mahamed Makdum. It is clear from the said order that the ——————— remission of three years interest to Ahamed Ali was granted in Consideration of his undertaking to pay in one lump sum, the instalments of three years. Dawood Sab never presented any petition, agreeing to make a similar payment and there is no obvious reason why interest should have been remitted in his case. The word loans (instead of the singular form) which occurs in the said order appears to me to be no more than a clerical error. I therefore request to be favoured with clear instructions on this point. If however it was the intention of Government to remit interest for three years in the case of Dawood Sab also, I would request to be kindly informed of the date, from which three years interest has to be Calculated. As already Stated above the total Sum of Rs 6500/- was advanced to Dawood Sab on Several dates and according to the terms

of the Bond, interest has to be paid from the several dates on which the said amount was advanced.

7. A copy of the revised hypothication deed and also the Statement of Davood Sab, given before me on the 21st September 1903 are herein enclosed for reference

I have the honor to be,

Sir,

Your most obedient Servant.

To
Sir. Kantha Raj Urs Esquire. B.A.
Officiating Deputy Commissioner
Mysore District.

I the undersigned beg to bring the following
lines into your kind consideration
that His Late Maharaja Chamaraja Wadayar
Bahadur has been pleased to establish a
Industrial work shop in the town for the main-
tenance of the poorer classes by giving me
5000 Rupees as advance for the construction
of the above work shop. -

25/10/02

(2) I began to construct the above work shop
within the time advanced me. The construction
did not completed as per plan shown by me.
I was compelled to spend more 4000 Rupees
from my packet money. Then too the building
was not completed - Again I borrowed some
more money through my property for the completion
of the building -

(3) During the commencement an order was
given me to construct the building as per
design and not the estimate for the same -

(4) I represented the matter to the Late
Maharajah, and he was pleased to give me
a verbal order to consider the case after he
return from Calcutta -

(5) By my misfortune the late Maharaja died at Calcutta, then the hope of having died and the Maharaja has fallen back without success.

(6) Meanwhile the Plague has broken out in the Town. Then I and our workmen compelled us to go out of the town for our self protection. Then our work stopped entirely within and any income &c: by spending all my money which was gathered up for the purpose.

(7) My name also is noted in the Durbar Book and Khalaks also accruing from the Patna during the occasions of marriages &c:

(8) The then Deputy Commissioner Mr. [redacted] has been pleased to order me [redacted] every kind of Copper or brass work in all Municipal. Imperial Departments, the above order did not bring forward for the encouragement of the advance money I obtained from the Government and [illegible] of my property which was mortgaged for the above purpose.

(9) Now I beg to say I have mortgaged all my property to the Government. The Sahukars of the city had no hope to

get

gave me any sum to pull on my work
therefore I request your honor that you
will kindly order me the said money work
of work and save me from my hard
suffering and for any recompense of
my advance money.

Further I beg to state that your honor
will be good enough to grant me a year
time to discharge the above by aiding in
some work in the Municipality, Mysore.

Yours

I beg to remain
your's obedient
obedient & humble servant

1. Govt Bros No. 7508-10 / G 1814 dated 11th Nov 1894 sanctioning the loans of Rs 10,000/ to Ahmed ali and Mahamad Makdum and Rs 7,000/ to Dawood Sab, as a help for the promotion of local industry.

2. Govt order No. 4628-9 dated 27th Nov 1897 fixing the annual instalments of 20 and 14 respectively to clear the aforesaid loans.

3. Govt order No. H 2-5 dt 2d July 1898 remitting the interest on the ~~above~~ loans for the 1st three years. ~~Order:~~

4. Letter No. 205 dated 12th October 1903 from the Dy. Commissioner, Mysore.

Order thereon:-

~~The Dy. Comr~~ Referring to the loan of Rs 7,000/ sanctioned to Daud Sab, the Dy. Commissioner reports that ~~per~~ under this Govt order of 4th August 1896 a sum of Rs 500/- which remained unpaid to the debtor out of the original loan was deducted towards the 1st instalment payable by him and he was asked ~~demanded~~ to pay the balance of Rs 200/-, that with the receipt

of this amount, he has not paid till now anything towards interest or principal though repeatedly demanded, that on the issue of a notice he appeared in person and pleaded his inability to pay the arrears of instalment with interest at once, he and prayed that the recovery ~~may~~ might be put off for two years more on the plausible excuse of the prevalence of plague, & that on enquiry it is ascertained that the lower story of the building hypothecated to Govt. has been let out to a person keeping a foreign liquor shop, & the upper story to a public woman, ~~and in another portion~~ he himself is living in another portion thereof. The Dy. Commissioner thinks it inadvisable to continue the loan to a person who has been grossly negligent of paying the instalments in spite of all concessions shown and recommends that, unless the overdue instalments with arrears of interest up to end of June 1903 are paid up at once, the the entire

loan may be ordered to be recovered at once ~~as per~~ under the terms of the bond by institution of legal proceedings. The Dy Commr further adds that the Compy acting on the authority of the Govt order of 2nd July 1898, has left out of calculation the interest due from Darvoo Sale for three years but that order does not apply to this case as the order was given in the case of Ahmed ali and Mahomed Rahoomy and that if the order applies to the case under notice he may be informed of the date from which the three years has to be calculated.

The Order of Govt of 2nd July 1898 about excusing the interest also referred also to the loan in question but this concession could ~~only be~~ be shewn (strictly speaking) in case the defaulter had been punctually paying the

the instalments and the interest thereon duly & punctually, however are not kept & David Sale has particular to enforce failed to do so this claim for interest further, also o.i. may be recovered at once and the Dy. Commr is empowered to do so.

(Yes.) I confused this case with the other apparently.

It does not appear that the man (Saiid Sahi) has applied the declared an insolvent Ahmed Ali & Hd Rokadar that have since insolvency proceedings can be opened under s. 352 of the Civil Pro. Code, and on grounds showing fraud, concealment, reckless extravagance, and other acts on the part of the judgment-debtor disentitling him to discharge. There does not seem to be a likelihood of any being able to prove these. The property has been hypothecated for the loan due to pet-; and the proper course seems to be to take a proceed against the property at once instead of waiting. the stage of insolvency proceedings is reached.

General and Revenue Departments,

Sir,

Adverting to para 2 of this office No.4260 of 6th August 1903,enquiring whether it is the intention of Government that the balance of Rs.1125-15-2 held in deposit should also be utilized towards the adjustment of Government loans still outstanding against the artware manufacturers Ahmad Ali and Mohomad Mukdum or whether it may be paid into the Munsiff's Court in satisfaction of that Court's attachment,I have the honor to forward the enclosed copy of Palace Division Executive Engineer's No.47 of 14th instant, reporting that the balance referred to has been reduced to Rs.557-15-2 for reasons therein given and to request that you will be so good as to obtain the early orders of Government as to whether the above amount should be paid to the Deputy Commissioner or to the Principal Munsiff,under the circumstances represented by the Executive Engineer.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Chief Engineer of Mysore

Docket No. 47 dated 14th February 1924. from the Executive Engineer, Palace Division, to the Chief Engineer of Mysore.

Correspondence ending with this office No. 17776-8-13 reporting that out of the amount due to Ahmed Ali & Mahmed Makdum, Artware Manufactures for work done to the Mysore Palace a sum of Rs 3250/- was adjusted towards the reduction of loan advanced to them by Government and the balance is kept in deposit on account of an attachment from the Sheriff's Court.

I Have the honor to report that an advance of Rs 500/- was outstanding against these artware Manufacturers being the amount advanced to them by Mr. Standish Lee for the preparation of doors for Calcutta Memorial work. The design having since been changed by Government the order for the preparation of doors was cancelled and the advance out-

standing

was adjusted from the balance due to them for Balance works. After adjusting this sum there is a balance of Rs 557/15/2 due to Contractors. The Deputy Commissioner's in his No. 1268/2-11-13, Copy of which is herewith submitted states that the payment of the balance may be kept in abeyance pending the receipt of final orders from Government; but the Principal Assistt. Mysore, in his No. 472 dated 4th instant requests to remit to the Court any sum due to them. Pray orders in the matter.
